Third year as an Instructional Coach

The most valuable resource that all teachers have is each other.
Without collaboration, our growth is limited to our own perspectives.

My Motto: Coaching is not about what is wrong...it's about what is NEXT! I look forward to partnering with you this year and growing together!

I have

38

years of experience
in education

I love to: model lessons,
lesson plan, problem solve,
data dive, team teach,
mentor, listen, learn,
and support teachers!

What I am ...

- An encourager
- A support for teachers
- A training facilitator
- A thinking partner
- A collaborator
- A listening ear

What I am not...

- An evaluator
- An administrator
- A substitute
- Judgemental
- An expert in everything

Check out the backside to see all the ways I can support you!
